# Delaware KIDS Fund contributes to Cape Henlopen Food Basket

Thomas J. Hanna, chairman of the Delaware KIDS Fund and vice president of Harvey, Hanna & Associates Inc., presented a \$1,000 gift to Cape Henlopen Food Basket June 29.

Cape Henlopen Food Basket Vice President Jenny Hansen said the gift is much appreciated during the summer, months after the spirit of generosity that accompanies midwinter holidays has waned.

"The need for emergency food continues throughout the year,"

Hansen said, adding that the Cape Henlopen Food Basket currently assists up to 40 families a day.

A charitable nonprofit organization established to support Kids In Distressed Situations, the Delaware KIDS Fund provides financial support for essential needs including clothing, shelter and food. Hanna says proper nourishment is critical for all children, and the difficult economic climate increases local needs.

"We applaud the support given the Cape Henlopen Food Basket by members of the community and the Lewes-Rehoboth Association of Churches, and we invite others to help families in need by supporting this worthy organization," Hanna said.

Tax-deductible gifts can be directed to the Cape Henlopen Food Basket, P.O. Box 567, Nassau, DE 19969 and to the Delaware KIDS Fund, 29 E. Commons Boulevard, Suite 100, New Castle, DE 19720.

#### "What Does Jim REALLY Do?"

Rev. Jim McKnight

*Let me just begin by saying this: I would suggest that if you have even the remotest intention of ever experiencing my work, that you copy and perhaps even laminate this article. You will not see this information occupying this space ever again.*

- **Intuitive Consultant:** using deeply refined intuition, working at the soul level, to reveal areas of our lives which may be blocking our personal/spiritual growth and interfering with our full appreciation of life.

This is the cornerstone of my work. While it is hard to define precisely because it changes to some degree with each person, it does have a powerful effect on almost all of the people I work with. I have seen everything from confirmation of what they already know but needed to hear from another source, to profound changes resulting in an entirely new life direction and focus.

- **Ancillary Services:** In the course of most readings, I have found that some Energy work is useful. This may be aura cleansing, chakra alignment, removal of etheric toxic waste in our bodies, and any combination of these modalities. There is no additional charge; this is just part of your work. In conjunction with the afore mentioned, I also teach willing individuals how to do these things for themselves.

- **Spiritual Medium:** Readings sometimes include visits from spirit guides, deceased friends and relatives, and/or ancestors. While I do not consider myself primarily a medium, this aspect has become too frequent an occurrence to ignore.

- **Massage Therapist:** Graduate of the *Cayce-Reilly School Of Massage*. While currently not practicing, this modality will be incorporated into an advanced attunement which I'm developing.

- **Several Healing Modalities:** Reiki Level III, Tree Of Life (Melchizedec), Soma Pi (developed by Consuela Newton), and my own personally developed methods, which I am teaching with gratifying success.

- **Specific Pattern Clearing Work With Angelic Energies:** This is a limited, but often necessary type of intuitive work. It comes with a powerful angelic clearing of old (past life) patterns trapped at the cellular level (based on the work and teachings of Michelle Anderson, "Master Alignment", one of my many great teachers).

- **Individual Spiritual Counseling As Needed:** In my capacity as both Intuitive Consultant and non-sectarian Priest, I am frequently asked to give counseling on a variety of topics and situations. This is mostly for persons who have already had readings.
